We feel gratified that our remarks on football last week were appreciated. A great many parents have told us that we are right on the subject. We have no objection to football. It is a very healthful sport and while a little brutal and dangerous should not be condemned. The only point we make that the game should not be allowed to interfere with the school work of the boys composing the teams.

## NOTICE.

All persons interested, will take notice that my petition is on file in the office of the Cherokee County, Kansas, Probate Court, asking for authority to sell the following described real estate, situated in Cherokee county, Kansas, belonging to the estate of John Harper deceased, for the purpose of paying the debts of said estate and the expense of administration, to-wit: Lots 57, 58 and 59, Railroad addition to Baxter Springs, Kansas.

Said petition is set for hearing at the office of the Probate Judge, in Columbus, in said county, on Friday, the 10th day of November, 1905, at which time and place you can make known any objections you may have to the granting of such order.

Dated Oct. 11, 1905.

CHAS. L. SMITH, Administrator of said estate.

Frank Brewster, Fred Ryon and Gwen Edwards, the boys who left here about two weeks ago to be gone until Christmas, are back home. They left in a nice houseboat, and were well supplied with provisions to last a long time.

Since they left, however, the river got up and stayed up, and the parents of the boys were startled Monday night to see the boys back home. They never got further down the river than Wyandotte. Becoming disgusted, the boys gave some fellow their boat and all their grub and goodness knows what else to hitch up and bring them back to good beds and mamma's cooking.

**No Poison in Chamberlain's Cough Remedy.**

From Napier New Zealand, Herald:—Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by A. R. Kane.
